- Hebrew (Native)
- English (Proficient)
- Russian (Native)

MICHAEL ILKANAYEV

FULL STACK ENGINEER

SUMMARY

Full-stack Developer with **2+ years** of experience delivering scalable web and mobile apps in production.

- Built and shipped full-stack platforms using React, React Native, Node.js, .NET, FastAPI and AWS, integrating third-party APIs and CI/CD pipelines.
- Delivered features across cross-functional teams using Agile methodology.
- Continuously expanding expertise by building real-world projects and proactively learning emerging technologies.

WORK EXPERIENCE

SaitLabs LTD.

2025 - Present

Full Stack Engineer

- Designed, built, and deployed a full-scale on-demand service platform, including a **React Native** mobile app, **Node.js** backend, and a **React** admin dashboard.
- Integrated payment systems and third-party APIs, including **Twilio** and **GROW**.
- Developed features with clean architecture, **CI/CD** pipelines, **Docker** and **AWS** services for deployment and scaling.

Cambium LTD.

2024 - 2025

Full Stack Engineer

- Developed dynamic frontend interfaces using **Angular** and **React** across multiple projects.
- Built backend services with **.NET**, **FastAPI** and **Node.js**, integrated APIs and utilized **AWS** for development and deployment.
- Worked on large-scale systems for institutional organizations, including the Ministry of Education and several municipalities.
- Collaborated with cross-functional teams to deliver high-quality features on time.

EDUCATION

SCE - Sami Shamoon College of Engineering

2020 - 2024

- B.Sc. in Software Engineering.
- Graduated with honors - **GPA: 91**

Moshal Scholarship Program

2020 - 2024

- Participated in the SpaceIL Hackathon.
- Completed courses in Time Management and Business English.
